

R 131S C-2

Paraffin wick heater

Product data sheet

Product category	Paraffin wick heaters
Brand	Tectro
Model	R 131S C-2
Colour	Brown
EAN code	8713508005867

Technical specifications

Burner type	Single Burner	
Capacity heating	kW	2,10
For rooms up to	m²	13 - 31
	m³	33 - 78
Consumption (max.)	l/h	0,219
	g/h	22
Capacity tank	l	4,2
Autonomy (min./max.)	h	19,2 - 19,2
Batteries required	Yes	
Batteries included	No	
Dimensions (w x d x h)	mm	455 x 295 x 460
Net. weight	kg	9
Warranty	year	2
Safety features	Tip-over switch - Overheat protection -	
	Safe top - CO ₂ sensor	

Package content

Paraffin wick heater, Transport cap, User manual

Accessories (to order)

Description	EAN code

Built-in CO sensor

Removable fuel tank

Tip-over safety switch

Safety stop

Safe top

Automatic tip-over switch: The heater will be shut off automatically when the heater is knocked over.

Battery cover:

This heater is equipped with a cover for the batteries.

CO₂ sensor: The user is informed when additional ventilation is required. The heater will be switched off when the room is not ventilated sufficiently.

Fuel filter:

Protects the burner system.

High efficiency: This heater has a 99.99% heat efficiency with infrared radiation heating.

No installation: This heater can be installed without wires and without exhaust pipes. This makes it a very convenient heating source.

Safe top: The temperature of the top plate is kept relatively low for improved safety.

Safety stop: This heater is equipped with a shut-off safety switch. By pressing this switch the heater will be shut off immediately.

Tank removal safety system:

This heater is equipped with a safety system that will shut off the heater in the event that the fuel tanks is removed.

Wick-stop: The wick stop mechanism of this heater limits the flame height adjustment. This ensures a clean combustion.

Spark ignition:

This heater is ignited via a state-of-the-art spark ignition system. Due to the high voltage of the spark the heater is ignited very quick. The spark ignition system is very durable and can be used during the whole lifespan of the heater without any maintenance or replacement of parts.
