Description	EAN code

Hygrometer: The unit is equipped with a hygrometer, which indicates the relative humidity in the room.

Possibility for permanent water drainage: By fitting a flexible water drainage tube a continuous water discharge can be realized. If done correctly, it will prevent the need for emptying the water container.

Automatic switch off: When the water container is full, a LED light will light up. The dehumidifier will automatically switch off.

Removable water container with water level indicator: The water container can easily be removed.

Timer function: Max. 24 hours. The unit stops automatically when selected time has passed.

Laundry drying function: Continuous high-power dehumidification for faster clothes drying, independent of humidity level.
