

# Technical sheet Roma 110-2 SMART

## Technical specifications

|                                                      |                   |                     |
|------------------------------------------------------|-------------------|---------------------|
| Article type                                         | Pellet stove      |                     |
| Brand                                                | Qlima             |                     |
| Model                                                | Roma 110-2 SMART  |                     |
| Colour                                               | White             |                     |
| EAN code                                             | 8713508709444     |                     |
| Heating input - nominal                              | kW                | 11                  |
| Efficiency (nom. / reduced)                          | %                 | 88,1 / 91,7         |
| Autonomy (min./max.)                                 | h                 | 7,6 - 17,3          |
| EEI / Energy efficiency class                        | %                 | 123 / A+            |
| Consumption pellets (min./max.)                      | kg/h              | 1 - 2,3             |
| Warranty                                             | years             | 2                   |
| Power consumption                                    | W                 | 110                 |
| For rooms up to                                      | m <sup>3</sup>    | 127 - 300           |
| Power supply                                         | V/Hz/Ph           | 220 - 240~ / 50 / 1 |
| Hopper capacity                                      | kg                | 15                  |
| Sound pressure level 1m                              | dB(A)             | 37 - 38             |
| Exhaust location                                     | back              |                     |
| Diameter exhaust                                     | mm                | 80                  |
| Flue gas temperature (nom. / reduced)                | °C                | 194,9 / 105,8       |
| Can be used in combined flue system                  | -                 |                     |
| Fuel compatibility                                   | 6x30mm pellet     |                     |
| Emission CO at 13% O <sub>2</sub> (nom. / reduced)   | mg/m <sup>3</sup> | 42 - 58             |
| Emission OGC at 13% O <sub>2</sub> (nominal/reduced) | mg/m <sup>3</sup> | 2 - 2               |
| Emission NOx at 13% O <sub>2</sub> (nominal/reduced) | mg/m <sup>3</sup> | 148 - 136           |
| Emission dust at 13% O <sub>2</sub> (nom. / reduced) | mg/m <sup>3</sup> | 13 - 11             |
| Material                                             | Metal             |                     |
| Dimensions (w x d x h)                               | mm                | 560 x 525 x 1090    |
| Dimensions package (w x d x h)                       | mm                | 690 x 690 x 1400    |
| Weight - unit                                        | kg                | 95                  |
| Gross weight                                         | kg                | 105                 |
