

# Technical sheet SPHP 130

## Technical specifications

|                                            |                         |                     |
|--------------------------------------------|-------------------------|---------------------|
| Article type                               | Swimming pool heat pump |                     |
| Brand                                      | Qlima                   |                     |
| Model                                      | SPHP 130                |                     |
| Colour                                     | Blue                    |                     |
| EAN code                                   | 8713508786285           |                     |
| Advised pool volume (max.)                 | m <sup>3</sup>          | 16                  |
| Thermostatic range                         | °C                      | 15~40               |
| Operating range temperature                | °C                      | 8~43                |
| Heating capacity (max.)                    | kW                      | 2,8                 |
| Power consumption                          | W                       | 580                 |
| Declared maximum hourly energy consumption | kW                      | 0,93                |
| Current (nom.)                             | A                       | 2,57                |
| Current (max.)                             | A                       | 4,15                |
| COP ratio                                  | W/W                     | 4,83                |
| Power supply                               | V/Hz/Ph                 | 220 - 240~ / 50 / 1 |
| Plug type - power cord                     | Type EF, CEE 7/7        |                     |
| Length power cord                          | m                       | 4,3                 |
| Water flow (min.)                          | m <sup>3</sup> /h       | 2                   |
| Refrigerant type / GWP / Charge            | R/g                     | R32 / 675 / 180     |
| CO <sub>2</sub> equivalent                 | tonnes                  | 0,1215              |
| Sound pressure noise level at 1 m (SPL)    | dB(A)                   | 53                  |
| Compressor type                            | type                    | Rotary              |
| Protection class                           | IPxx                    | IPX4                |
| Water heat exchanger                       | Titanium coil           |                     |
| Material                                   | ABS                     |                     |
| Dimensions (w x d x h)                     | mm                      | 385 x 400 x 280     |
| Dimensions package (w x d x h)             | mm                      | 415 x 460 x 380     |
| Weight - unit                              | kg                      | 18                  |
| Gross weight                               | kg                      | 20                  |
| Warranty                                   | years                   | 2                   |
