

# Technical sheet Fiorina 90-2 S-Line

## Technical specifications

|                                                      |                            |                     |
|------------------------------------------------------|----------------------------|---------------------|
| Article type                                         | Pellet stove               |                     |
| Brand                                                | Qlima                      |                     |
| Model                                                | Fiorina 90-2 S-Line        |                     |
| Colour                                               | Grey                       |                     |
| EAN code                                             | 8713508765945              |                     |
| Heating input - nominal                              | kW                         | 9,7                 |
| Efficiency (nom. / reduced)                          | %                          | 89,5 / 91,3         |
| Autonomy (min./max.)                                 | h                          | 6,5 - 18            |
| EEI / Energy efficiency class                        | %                          | 126 / A+            |
| Consumption pellets (min./max.)                      | kg/h                       | 0,7 - 2             |
| Power consumption                                    | W                          | 115                 |
| For rooms up to                                      | m³                         | 80 - 240            |
| Control                                              | Electronic, Remote control |                     |
| Power supply                                         | V/Hz/Ph                    | 220 - 240~ / 50 / 1 |
| Hopper capacity                                      | kg                         | 13                  |
| Sound pressure level 1m                              | dB(A)                      | 39 - 52             |
| Exhaust location                                     | back                       |                     |
| Diameter exhaust                                     | mm                         | 80                  |
| Flue gas temperature (nom. / reduced)                | °C                         | 145,9 / 84,4        |
| Can be used in combined flue system                  | -                          |                     |
| Fuel compatibility                                   | 6x30mm pellet              |                     |
| Emission CO at 13% O <sub>2</sub> (nom. / reduced)   | mg/m³                      | 50 - 187,5          |
| Emission OGC at 13% O <sub>2</sub> (nominal/reduced) | mg/m³                      | 2 - 7               |
| Emission NOx at 13% O <sub>2</sub> (nominal/reduced) | mg/m³                      | 121 - 120           |
| Emission dust at 13% O <sub>2</sub> (nom. / reduced) | mg/m³                      | 12 - 20             |
| Material                                             | Metal                      |                     |
| Dimensions (w x d x h)                               | mm                         | 470 x 476 x 996     |
| Dimensions package (w x d x h)                       | mm                         | 530 x 530 x 1015    |
| Weight - unit                                        | kg                         | 91                  |
| Gross weight                                         | kg                         | 100                 |
| Warranty                                             | years                      | 2                   |
