

# Technical sheet Fiorina 103 S-Line

## Technical specifications

|                                                      |                    |                     |
|------------------------------------------------------|--------------------|---------------------|
| Article type                                         | Pellet stove       |                     |
| Brand                                                | Qlima              |                     |
| Model                                                | Fiorina 103 S-Line |                     |
| Colour                                               | Grey               |                     |
| EAN code                                             | 8713508765952      |                     |
| Heating input - nominal                              | kW                 | 11,27               |
| Efficiency (nom. / reduced)                          | %                  | 91,4 / 94,3         |
| Autonomy (min./max.)                                 | h                  | 7,5 - 19            |
| EEI / Energy efficiency class                        | %                  | 127 / A+            |
| Consumption pellets (min./max.)                      | kg/h               | 0,9 - 2,3           |
| Warranty                                             | years              | 2                   |
| For rooms up to                                      | m <sup>3</sup>     | 80 - 0              |
| Control                                              | Electronic         |                     |
| Power supply                                         | V/Hz/Ph            | 220 - 240~ / 50 / 1 |
| Hopper capacity                                      | kg                 | 17                  |
| Exhaust location                                     | back               |                     |
| Diameter exhaust                                     | mm                 | 80                  |
| Flue gas temperature (nom. / reduced)                | °C                 | 129 / 74,3          |
| Can be used in combined flue system                  | -                  |                     |
| Fuel compatibility                                   | 6x30mm pellet      |                     |
| Emission CO at 13% O <sub>2</sub> (nom. / reduced)   | mg/m <sup>3</sup>  | 125 - 125           |
| Emission OGC at 13% O <sub>2</sub> (nominal/reduced) | mg/m <sup>3</sup>  | 5,1 - 3,9           |
| Emission NOx at 13% O <sub>2</sub> (nominal/reduced) | mg/m <sup>3</sup>  | 78,7 - 97,3         |
| Material                                             | Metal              |                     |
| Dimensions (w x d x h)                               | mm                 | 480 x 485 x 1085    |
| Dimensions package (w x d x h)                       | mm                 | 485 x 480 x 1082    |
| Weight - unit                                        | kg                 | 95                  |
| Gross weight                                         | kg                 | 104                 |
