

# Technical sheet Lindara 77 S-Line

## Technical specifications

|                                                      |                   |                     |
|------------------------------------------------------|-------------------|---------------------|
| Article type                                         | Pellet stove      |                     |
| Brand                                                | Qlima             |                     |
| Model                                                | Lindara 77 S-Line |                     |
| Colour                                               | White             |                     |
| EAN code                                             | 8713508785387     |                     |
| Heating input - nominal                              | kW                | 8,5                 |
| Efficiency (nom. / reduced)                          | %                 | 91,2 / 95           |
| Autonomy (min./max.)                                 | h                 | 8,5 - 28            |
| EEI / Energy efficiency class                        | %                 | 128 / A+            |
| Consumption pellets (min./max.)                      | kg/h              | 0,54 - 1,76         |
| Warranty                                             | years             | 2                   |
| Power consumption                                    | W                 | 72                  |
| For rooms up to                                      | m³                | 75 - 220            |
| Control                                              | Electronic        |                     |
| Power supply                                         | V/Hz/Ph           | 220 - 240~ / 50 / 1 |
| Hopper capacity                                      | kg                | 15                  |
| Sound pressure level 1m                              | dB(A)             | 36 - 38             |
| Exhaust location                                     | back              |                     |
| Diameter exhaust                                     | mm                | 80                  |
| Flue gas temperature (nom. / reduced)                | °C                | 137,8 / 59,9        |
| Can be used in combined flue system                  | -                 |                     |
| Fuel compatibility                                   | 6x30mm pellet     |                     |
| Emission CO at 13% O <sub>2</sub> (nom. / reduced)   | mg/m³             | 75 - 487,5          |
| Emission NOx at 13% O <sub>2</sub> (nominal/reduced) | mg/m³             | 147 - 123           |
| Dimensions (w x d x h)                               | mm                | 585 x 540 x 1015    |
| Dimensions package (w x d x h)                       | mm                | 580 x 620 x 1180    |
| Weight - unit                                        | kg                | 78                  |
| Gross weight                                         | kg                | 92                  |
